Dear Sirs and Madam:

I am writing to complain about the proposed changes to the Universal Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge *EVERYBODY* \$1 regardless of how they use their wireless phone; especially for a low-volume user, like myself, who relies on wireless service for safety and security, not interstate calls. I am a widow, living alone, and take my phone with me in my car in case an emergency should arise. My son and daughter are the only persons who have my number in order to contact me at any time should an emergency arise in their households. Knowing I have it with me gives them peace of mind as it does me. The current policy is fair, based on percentages and usage, and should be left alone. Keep this fair; please do not penalize us.

I offer the following identifying information in accordance with your procedure:

Name: Helen M. Sampley  
Address: 802 Topeka St., Apt. 506, Oceanside CA 92054  
Phone #: 760.433.5857  
Wireless #: 760.310.2840  
Wireless Co. TracFone

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Sincerely,

*Helen M. Sampley*
